Rév means "dream" in Haitian Creole. The Rév Family helps 21 children and youth to not just survive but thrive as they gain skills to transition into teen years and adulthood. The Rev Home is a ministry of Global Partners in Peace and Development, (gpartners.org). Amber and Leeanne, GPPD Associates, oversee the Rev Family. As many of the children have become mature young adults, it brings us joy to see Rév Alumni finding their own paths in higher education and the workforce. We look forward to seeing how God displays His glory through Rév graduates in the years to come.
