

Dear Sir or Madam,

I am excited to announce that I will be participating in the **2020 Running Water for the Living Water campaign** running in the **Harrisburg Marathon** on November 8th. Our purpose is to raise money for water wells in India & Africa. Many people around the world are in desperate need of clean running water. It is my desire to use this run to raise funds toward a water well, as well as show God's love and care for ALL people. I have joined a group of runners who have set a goal to raise \$100 for every mile we run. In this case, every marathon (26.2 miles) will produce a fully installed, ready-to-use clean water tube well for an entire village. Our group has partnered with **Global Partners in Peace and Development** for the construction of these water wells.

Global Partners in Peace & Development (GPPD) is a 501(c)(3) non-profit organization (Tax ID # 75-3098074) designed to do charitable, developmental and educational work around the world. Currently, GPPD has 278 working water wells, mostly in India. All gifts are tax-deductible and **95%** of the proceeds raised will go towards the construction of water wells in India (5% is administrative fees for well implementation). You can read more about GPPD's water well program at <http://www.gpartners.org/water>.

PERSONAL MILES PLEDGED: _____ PERSONAL FUNDRAISING GOAL: _____

GROUP FUNDRAISING GOAL: \$100,000

Every year about 2.2 million children under five die because of a lack of clean water to drink.

Any financial contribution that you could make would be greatly appreciated. On average, every \$5 given can provide 1 person clean water for a lifetime. All businesses and individuals financially supporting my efforts will receive a picture of the water well and village impacted, as well as the GPS coordinates of the location of the well. Donations and sponsorship can be made at hbgmarathon.gpartners.org or by completing the backside of this letter and mailing it to the GPPD office.

Thank you for your consideration of helping and partnering with us in providing clean water to those in poverty.

Sincerely,

Matt & Vicki Riggins
